

Disabling Popup Blocking

Microsoft Internet Explorer Version 11

Why? If popup blocking is enabled, the online learning course will simply not open and run.

1. Click on the “Tools” icon, the gear in the upper right hand corner (or Alt-X on the keyboard). Choose “Internet options” from the menu.
2. Click on the “Privacy” tab.
3. Clear the checkbox labeled “Turn on Pop-up Blocker. Then click on the “OK” button.
